

Donald Hill Family Postdoctoral Fellowship in Medicine

Position Details

Position Information

Position Title	Donald Hill Family Postdoctoral Fellowship in Medicine
Department/Unit	Faculty of Medicine - General
Location	Halifax

Job Summary & Key Responsibilities Dalhousie University is currently seeking applications for the prestigious Donald Hill Family postdoctoral fellowship position within the Faculty of Medicine. The successful candidate will have a strong research track record in their field of study and will have research interests which align with and support on-going initiatives within the Faculty of Medicine. Applicants will also have a demonstrable interest in broader societal impact of emerging technology and promotion of a culture of accountability for the future of society.

Qualifications/Requirements of Position This fellowship opportunity is only open to Canadian Citizens and Permanent Residents who have completed their PhD within the past three years. Complete eligibility conditions can be found in the Donald Hill Family PDF guidelines.

Additional Information

Dalhousie University is Atlantic Canada's leading research-intensive university and a driver of the region's intellectual, social and economic development. Located in the heart of Halifax, Nova Scotia, with an Agricultural Campus in Truro/Bible Hill, Dalhousie is a truly national and international university, with more than half of our 18,800 students coming from outside of the province. Our 6,000 faculty and staff foster a vibrant, purpose-driven community, that celebrated 200 years of academic excellence in 2018.

Dalhousie Medical School is home to some of Canada's top scientists, clinicians and students, and a centre of excellence that contributes much to the world's medical knowledge base. Our research community involves basic scientists and clinicians in many fields, who collaborate with biomedical engineers, computer scientists, health economists, ethicists and others. Our researchers are developing comprehensive and workable solutions to the health problems of today and tomorrow. The Medical School is the proud home of 30 research chairs and attracts more than \$60 million dollars per year in research funding.

Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all candidates who would contribute to the diversity of our community.

Interested parties should apply with a cover letter; a current CV that includes proof of the PhD completion date and the contact information for 2-3 references; and a research statement that includes a research proposal up to 5 pages in length and a one-page summary outlining the applicant's interest in the societal impact of technology and any activities they may have already engaged in relevant to this area.
